A demolition permit will expire 30 days from the date of issuance.

Do not begin work until an approval is received from the City of Cumberland.

A signed, approved, and stamped permit form is required for application to be considered complete. This will be sent to you upon approval of the department manager or designated representative.

Re: Demolition of [address of property to be demolished]

To: Tamara Davis

This letter is to give notification to Maryland Department of the Environment (MDE) regarding the abatement of asbestos, lead paint, etc. from above mentioned property in preparation for demolition. This property is located in the City of Cumberland.

The premises have been inspected and no asbestos nor lead paint were found on said property.

If asbestos is found during the course of the demolition project, all work will cease. The asbestos will then be removed by a licensed contractor.

If the property is fire damaged, include this paragraph...

The structure is a fire damaged residential structure exempt from the National Emission Standards for Hazardous Air Pollutants (NESAP) regulations. The interior is not safe to enter, however should friable Assessment of Corrective Measures (ACM) be encountered; it will be handled appropriately by a licensed contractor.

Sincerely, [contractor]

cc: City of Cumberland - Community Development Dept.

## Re: Bond

## INSTRUCTION TO APPLY AS A VENDOR WITH THE CITY -

You must complete both the <u>New Vendor Information Form</u> and the <u>IRS Form W-9</u>, found on City website, in order to be added to the City's accounts payable system. We cannot process a check to you without these two forms. Please fill out those forms and return to us. You may also choose to submit both forms online at <u>www.cumberlandmd.gov/Services/New Vendor Information Form.</u>

Once you are in the system as a vendor, there is no need to repeat this step.
